Features of OceanWP

Gutenberg Ready

OceanWP theme is Gutenberg ready with new editing experience. This editing experience uses block-based expertise to make it easier than ever for site creators.

This is specially introduced for the beginners so that they can perform efficiently in this theme.

Page Builder Compatible

OceanWP theme is fully compatible with a famous page builder named Elementor. Similarly, it is compatible with Divi, Site origin, Visual Composer, King Composer, Thrive Architect, and more.

No matter which page builder you will use, it is fully functional with all of them.

Fully Responsive

The OceanWP theme gives its full response to all sizes of screens like mobile, tablet, and desktop. Because of this, your Website will get an elegant and attractive look.

If the site you create will be unable to fit on any size of the screen, then it gives an unpleasant look and decreases your Website SEO.

But now not to worry about it because this theme is fully responsive, which leads to the increment of your site's traffic.

Dedicated and Outstanding Support

Because of [support](#), OceanWP is doing great. Even though OceanWP is a free WordPress theme.
